There will be three HOYS International Wild Cards allocated after the International Stairway Final. The allocation of Wild Cards to riders eligible for British Team selection will be made in the following order:

1. One to the winner of the International Stairway League. Should the winning rider not be eligible for British Team selection or have already qualified for a HOYS International Wild Card then the Wild Card will be allocated down the International Stairway League. It is also a criteria that the eligible horse/rider combination competes in the Final at the British Showjumping National Championships, NAEC, Stoneleigh.

2. One to the winner of the International Stairway Final who will also receive the title of British Showjumping National Champion for a period of 12 months. Should the winner of the Final not be eligible for British Team selection or have already qualified for HOYS via an International Wild Card, the Wild Card will be allocated to the next eligible rider on the International Stairway League table. The title of National Champion, irrelevant of rider nationality will be retained by the winner of the International Stairway Final.
3. One card to the winner of the National Championship Show League which will run across the show culminating with the International Stairway Final. This league will run independently to all other leagues, points towards qualification will be awarded to each rider according to their placing in each of these three qualifying competitions. To be eligible for points in the show league combinations must be entered into class 10 block entry (all three sections). Should the winner of the National Championship Show League not be eligible for British Team selection or have already qualified for a HOYS International Wild Card, then the Wild Card will be allocated down the National Championship Show League.

Winners of this wildcard will be required to bring three horses (minimum of two) to HOYS to jump the international classes (plus one for the Puissance/Six Bar should they wish).

Appendix 1 – BSNC Show League Wild Card Qualifying Criteria

Eligibility

Riders already invited to compete at Horse of the Year Show (HOYS) 2025 may compete in these classes but will be disregarded from the point's allocation table, although the prize money will be awarded.

Open to horses in Grade A and B (as at the first day of the show) to be ridden by Adult, Associate or Junior members of British Showjumping.

PLEASE NOTE: Whilst Associate and Junior members may compete in the above classes and may qualify to compete in the International Competitions at HOYS, due to FEI regulations, any competitor who will not attain the age of eighteen during the 2025 calendar year will not be eligible to compete in the Leading Show Jumper of the Year (Grand Prix) or the Puissance at Horse of the Year Show 2025.

Only the best result in each class will be counted for riders who are competing on more than one horse.

Qualification

Qualifies for the International Competitions at Horse of the Year Show 2025 where the qualified rider will be entitled to enter three horses (minimum of two) plus one for the Puissance. The horse which gains qualification at the qualifier need not compete at Horse of the Year Show. Horses must be Grade A or Grade B and hold a current FEI passport. However, whilst Grade B horses may compete in the Wild Card qualifiers, Grade B horses may not compete in the International Competitions at HOYS 2025 without written prior approval from British Showjumping.

Number to Qualify

The rider achieving the highest aggregate of points from all three qualifying competitions (Classes 10A, 10B and 10C). In the case of equality for the qualifying place, the rider placed highest in the third qualifying competition (10C) will qualify. Should there still be equality, then the rider placed highest in the second qualifying competition (10B) will qualify.

A rider may only qualify once for the International Show Jumping classes at HOYS 2025 and in the event of double qualification the Wild Card will be offered to the next highest placed rider in the National Championship Show League.

Points towards qualification will be awarded to each rider according to their placing in each of the three qualifying competitions as follows:

Day 1: The first placed eligible rider will receive 15 points, the second placed eligible rider will receive 12 points, and the third placed eligible rider will receive 10 points and so on reducing by one point per placing until the twelfth eligible rider who will receive one point.

Day 2: The first placed eligible rider will receive 15 points, the second placed eligible rider will receive 12 points, and the third placed eligible rider will receive 10 points and so on reducing by one point per placing until the twelfth eligible rider who will receive one point.

Day 3: The first placed eligible rider will receive 25 points, the second placed eligible rider will receive 20 points, and the third placed eligible rider will receive 15 points and so on reducing by one point per placing until the seventeenth eligible rider who will receive one point.

In the case of equality for any one place, the total points from all the equal placings will equally be divided between those tying for those particular placings. Divided points will be rounded up or down as appropriate to one decimal point (i.e. 0.44 points would be rounded down to 0.4, 0.45 points would be rounded up to 0.5).

Horses

All horses must be stabled on the showground for the duration of the HOYS wildcard series. Competitors must be using the correct tack, as listed in the FEI Rule Book. FEI anti-doping regulations will apply.

Stewarding

A British Showjumping Stipendiary Steward will be in attendance on all three days.

Appendix 2 – International Stairway Points Allocation

A points system will be awarded based on the following system. Points will be awarded to eligible horse/rider combinations placed 8th = or higher on the following scale;

1st	12 points
2nd	9 points
3rd	8 points
4th	7 points
5th	6 points
6th	5 points
7th	4 points
8th	3 points

Equal placings will share equally the total points attributable to the combined placings (for example, four riders placed 4th equal receive $7 + 6 + 5 + 4$ divided by $4 = 5.5$ points each).

In the event of equality of League Points at the end of the series, the highest placed competitor on equal points in the International Stairway Final (British Showjumping National Championships, National Agricultural Exhibition Centre) will be the winner of the League. The winner of the International Stairway League must be a starter in the International Stairway Final.
